

Worksheet 8 – Rounding and Statistics

Answer the following questions for Albert Pujols' **2012** season, his first as an Angel, as shown on the baseball card.

1. How many hits did Pujols have?
2. How many games did Pujols play?
3. Did Pujols have more doubles (2B) or triples (3B)?
4. What was Pujols' batting average?
5. Did Pujols have more stolen bases (SB) or Runs (R)?

Note: Find a different baseball card that provides the opportunity for rounding (must have multiple seasons of at bats).

For example:

6. Round to the nearest 100 the number of at bats (AB) or Albert Pujols.

| Year | At bats | At bats |
|------|---------|---------|
| 2001 | 590 | |
| 2002 | 590 | |
| 2003 | 591 | |
| 2004 | 592 | |
| 2005 | | |
| 2006 | | |
| 2007 | | |
| 2008 | | |
| 2009 | | |
| 2010 | | |
| 2011 | | |
| 2012 | | |
| 2013 | | |
| 2014 | | |
| 2015 | | |

(fill in the number of at bats by looking at Albert Pujols' baseball card)
